

Route description to Fugeia Laboratories

Coming by car from Brussels or Liège/Luik

- Take highway E40 (Brussels - Liège/Luik) in the direction of Leuven. Take exit Leuven/Hasselt/Genk (E314). Take the first exit Leuven (Exit 15) leading you onto road N264. At the third set of traffic lights, turn right into the Celestijnenlaan.
- In the Celestijnenlaan go straight ahead until the bridge over the river Dijle, after approximately 1 km. Take left and enter 'Kasteelpark Arenberg' immediately after the bridge. Follow the river Dijle, passing the Arenberg castle at your left hand side, and take the parking lot on your right-hand side. It is advised to leave your car here, because the rest of the park is only accessible for vehicles with a parking access card. To go to Kasteelpark Arenberg 20 (Landbouwinstituut), continue following the river Dijle on foot until you see the main building of the Faculty of Bioscience Engineering (Faculteit Bio-ingenieurswetenschappen) on your right hand side.
- In the building, ask for the secretary of the Laboratory of Food Chemistry and Food Biochemistry.

Coming by car from Hasselt/Genk/Aachen/Maastricht

- Take highway E314 (Aachen - Leuven). Take exit 15, direction Leuven, leading you onto road N264. At the third set of traffic lights, turn right into the Celestijnenlaan.
- In the Celestijnenlaan go straight ahead until the bridge over the river Dijle, after approximately 1 km. Take left and enter 'Kasteelpark Arenberg' immediately after the bridge. Follow the river Dijle, passing the Arenberg castle at your left hand side and take the parking lot on your right-hand side. It is advised to leave your car here, because the rest of the park is only accessible for vehicles with a parking access card. To go to Kasteelpark Arenberg 20 (Landbouwinstituut), continue following the river Dijle on foot until you see the main building of the Faculty of Bioscience Engineering (Faculteit Bio-ingenieurswetenschappen) on your right hand side.
- In the building, ask for the secretary of the Laboratory of Food Chemistry and Food Biochemistry.

Coming by car from the Leuven belt way

- At the traffic lights of the Naamse Poort, turn in the direction of Namen but take the right lane to go straight in the Kardinaal Mercierlaan. This is a one-way lane heading to the Kantineplein.
- On entering the square take a right into the 'Kasteelpark Arenberg'. At the Arenberg castle turn right and take the parking lot on your right hand side. It is advised to leave your car here, because the rest of the park is only accessible for vehicles with a parking access card. To go to Kasteelpark Arenberg 20 (Landbouwinstituut), continue following the river Dijle on foot until you see the main building of the Faculty of Bioscience Engineering (Faculteit Bio-ingenieurswetenschappen) on your right hand side.
- In the building, ask for the secretary of the Laboratory of Food Chemistry and Food Biochemistry.

Coming by public transport

- Take the train to Leuven railway station. You can consult the train schedule on the website of the Belgian railways (www.b-rail.be).
- At Leuven railway station, take bus line 2 ('Heverlee Campus' on the front). Get off the bus at bus stop 'Kantineplein', in front of the restaurant 'Oude Kantien'. From the bus stop it is a 3 minutes walk.
- Look for the Arenberg castle and take the driveway leading to the castle (Kasteelpark Arenberg 1). To go to Kasteelpark Arenberg 20 (Landbouwinstituut) turn right at the castle. Follow the river Dijle until you see at your right hand side the main building of the Faculty of Bioscience Engineering (Faculteit Bio-ingenieurswetenschappen).
- In the building, ask for the secretary of the Laboratory of Food Chemistry and Biochemistry.
